Packard Bell unveils new 21.5-inch Maestro 225DXL Slim-designed monitor bringing you great visuals in Full HD

- Sleek and ultra-slim design at just 17 mm
- 5 ms response time
- 21.5" Full HD screen for stunning visuals
- Environmentally friendly

Packard Bell introduces the new **Packard Bell Maestro 225DXL** series, a fresh new 21.5-inch widescreen monitor, bringing you stunning visuals and performance. Compact in size (477 x 268 mm) but including a wide display, it is the perfect match for a student's room and can also be used alongside a notebook for that big screen feel.

Sleek and elegant design

A picture of simple elegance, the new **Packard Bell Maestro 225DXL**, at just 17 mm thick, fits effortlessly into any decor, especially in those places where every square centimeter counts. Flaunting the Packard Bell Maestro exclusive design and attention to details, the sleek, alluring and curved finish on the base will give a classy touch to your interior.

The 21.5-inch **Packard Bell Maestro 225DXL** features a 16:9 widescreen display and is ideal to use as a PC monitor, but is also capable of displaying HD video content from HD devices such as Blu-ray™ disc players, HD camcorders and TV-sets thanks to the DVI port.

Full HD for clear, crisp visuals

Enjoy vibrant, highly detailed visuals while watching your favourite movies or playing with the latest video games, thanks to Full HD 1920 x 1080 resolution: don't just watch, step into them!

With up to 100,000,000:1 dynamic contrast, rapid 5 ms response time, VGA and DVI with HDCP connectivities*, the **Packard Bell Maestro 225DXL** series is here to let you make the most of all your multimedia activities.

Kind to the planet

Designed to perform every task to perfection, the **Packard Bell Maestro 225DXL** won't let you down while running your applications and will bring its special touch to every situation.

Eco-friendly, the mercury-free LED panel uses up to 68% less power than other similar LCDs. It meets the stringent Energy Star 5.0 power-saving standards, ensuring reduced pollution and lower bills, so

* The Packard Bell Maestro 225DXLbd features a VGA port and a VGI port.

you can relax and take full advantage of your all the style and visual power of the **Packard Bell Maestro 225DXL** with complete peace of mind.

Price and availability

The **Packard Bell Maestro 225DXL** will be available on shelves from May 2012.

Availability may vary according to countries.

About Packard Bell

Packard Bell pioneered the use of the PC in the home, taking an office tool and turning it into a friendly, indispensable feature of today's modern home. Stylish products with cool features, accessible to everyone, are the hallmarks of the brand - a unique combination that no other brand in the European market offers today. In 2008, Taiwan-based Acer Inc. acquired Packard Bell. In 2009, the Acer Group fully benefited from its multi-brand strategy, establishing itself as the second-largest PC company in the world and as the number two worldwide notebook vendor. Within the Acer Group, Packard Bell strives to design environmentally friendly products and establish a green supply chain through collaboration with suppliers.
