Packard Bell Maestro LED HD Stereo series Incredible multimedia features in an ultra-slim design

- Full HD experience
- 2ms response time
- Built-in stereo speakers
- Environmentally friendly

Only 16.5 mm thin, the new **Packard Bell Maestro LED HD Stereo** series, the multimedia version of the Packard Bell Maestro LED, will make a statement in any room in the house, and take up very little space due to its streamline design. The screen, black bezel, and sturdy L-shaped stand with silver finish evoke a classy look and feel, making this **Packard Bell Maestro LED HD Stereo** series monitor an attractive centerpiece in any environment. Choose your size: the 21.5-inch or the 24-inch, both featuring a 16:9 widescreen display, raising the bar for design and ergonomics.

The 21.5-inch **Packard Bell Maestro 220 LED HD Stereo** and 24-inch **Packard Bell Maestro 240 LED HD Stereo** are ideal to use as PC monitors, but they are also capable of displaying HD video content from HD devices such as Blu-ray™ disc players, HD camcorders and TV-sets thanks to the DVI and HDM connector.

Full HD 1920 x 1080 resolution presents vibrant, highly detailed visuals for extremely enjoyable movies, videos and games. With up to 12,000,000:1 dynamic contrast, smooth flicker-free images, rapid 2 ms gray-to-gray response time, all-digital DVI and HDMI connectivity with HDCP, and two built-in speakers on the rear, the **Packard Bell Maestro LED HD Stereo** series is perfect for multimedia enjoyment.

The 16:9 widescreen also unlocks new multitasking possibilities for maximum productivity. The **Packard Bell Maestro LED HD Stereo** series is engineered to deliver optimum brightness for most common uses.

Mercury-free LED panel

The mercury-free LED panel uses up to 68% less power than other similar LCDs, ensuring reduced pollution and lower bills. It meets the stringent Energy Star 5.0 saving standards. A wide viewing angle maintains color consistency and image clarity, letting you share content with others without having to crowd in front of the screen.

The ultra-slim **Packard Bell Maestro 220 LED HD Stereo** and **Packard Bell Maestro 240 LED HD Stereo** are available in European outlets.

Availability and prices vary according to country.

About Packard Bell

Packard Bell pioneered the use of the PC in the home, taking an office tool and turning it into a friendly, indispensable feature of today's modern home. Stylish products with cool features, accessible to everyone, are the hallmarks of the brand - a unique combination that no other brand in the European market offers today. In 2008, Taiwan-based Acer Inc. acquired Packard Bell. In 2009, the Acer Group fully benefited from its multi-brand strategy, establishing itself as the second-largest PC company in the world and as the number two worldwide notebook vendor. Within the Acer Group, Packard Bell strives to design environmentally friendly products and establish a green supply chain through collaboration with suppliers.
