

New Packard Bell EasyNote TSX Outstanding style

- Elegant Honey Bronze colour
- Everyday computing at 15.6-inch
- One-click hotkeys
- Ready for multimedia fun
- Complete social networking

Packard Bell announces its brand-new **Packard Bell EasyNote TSX**. This amazing 15.6-inch notebook enriches the **Packard Bell EasyNote TS series**, with a new style option aimed at attracting the most demanding users in terms of style and individuality.

The **Packard Bell EasyNote TSX** really stands out, differing from the other models of the **Packard Bell EasyNote TS** range both in terms of colour and pattern¹. **Packard Bell EasyNote TSX** has inherited the sleek finish and rounded industrial design of the **EasyNote S series**. Yet, its high end Honey Bronze colour, extremely elegant and original, furthermore enriched by a refined wave-pattern, gives an overall sense of exclusivity.

Great attention to details is evident in the inside, too. The colour and pattern of the cover are reproduced on the palmrest. The black keys have been designed to grant maximum readability and create a delicious contrast with the silver base of the chiclet keyboard and the honey bronze palmrest. The seamless multi-gesture touchpad completes the picture and grants comfortable typing and convenient fingertip zooming, rotating, navigating and browsing with just two fingers.

The **Packard Bell EasyNote TSX** is perfect for everyday computing at maximum comfort. Access to frequently-used applications and functions with one simple click is possible thanks to the **one-click** hotkeys conveniently located and iconized on each one of the function keys: backup, play, stop, pump the volume up or down and more.

Staying in touch and always connected has never been so easy. Complete social networking is enabled by the Packard Bell social networking application that links you to the most popular social networking sites at the same time with a one-touch button: connect with your friends on Facebook, watch and share videos on YouTube™ and upload your picture collection on Flickr.

¹ Packard Bell EasyNote TS is available in Ebony black, Garnet red or Moonstone white - with a delicate daisy-chain pattern on the cover echoing the elegant palmrest.

With the Wi-Fi® network connection you can get online from any wireless hotspot. Connecting to short-range digital devices is easy and faster thanks to the latest Bluetooth technology².

The built-in webcam³ and microphone make high-resolution face-to-face chats possible, and make you feel closer to your with friends and family, wherever you are.

The new **Packard Bell EasyNote TSX** enhances your multimedia life both with hardware features and rich software.

Thanks to Adobe® Photoshop® Elements 9 full version software, you can easily organize and edit your pictures or create stunning photo effects, according to your inspiration.

The **Packard Bell EasyNote TSX** features a brand new gadget “Cyberlink™ MediaEspresso 6”, the fastest universal media converter. MediaEspresso converts any type of video files stored in your notebook’s video library, to easily transfer it on your mobile devices including smart phones, with amazing display quality.

The combo jack lets you listen to music and chat with friends and family without the nuisance of switching jacks.

You can easily make and share copies of your favourite music collection, cherished picture albums, or any other multimedia content.

Crisp, clear images abound with **Packard Bell EasyNote TSX**. A high definition display⁴ combines with an optional Blu-ray disc drive and an HDMI™ port.

For perfect enjoyment, you can trust Packard Bell mainstay’s of a painless experience with brilliant performances.

Store up to 750 GB of precious data and thanks to the optional USB3.0 connector⁵, you can exchange data 10 times faster than before.

Packard Bell EasyNote TSX also features the 2nd generation Intel® Core™ processor family for adaptive performance and NVIDIA® GeForce® GPUs with NVIDIA® Optimus™ technology for extended battery life⁶.

The **Packard Bell EasyNote TSX** will be available in UK outlets in May 2011 starting at the estimated price of £599.

Availability, price and technical features may vary according to countries.
